Woods Recruitment
Andy Woodward
Managing Director

Want to improve
the effectiveness of
your business?

Have training or
development
needs?

We are focused on finding the right candidates to fill senior roles in finance, sales and marketing, operations, specialist technical functions such as engineering or I.T and the most senior roles such as C.E.O and Non Executive Directors. In our experience the best people are like yourself and are not actively seeking a new job.

We would value the opportunity to introduce ourselves, discuss our approach and capabilities and to become the way you find Better People for Better Business.

I will contact you to arrange a brief meeting to introduce Gilpin ESD and myself. Otherwise please feel free to contact me by phone or email.
